Soaring to New Heights!

A Message from the Principal... Ms. Jennifer Rule

Hello SOARing Eagles. Thank you to all our parent volunteers who contribute so much to our school. Our volunteer brunch was well attended. I understand that not all our volunteers were able to attend the brunch. We cannot say thank you enough. The staff is so appreciative of all you do to support us at Potowmack Elementary.

We are coming closer to the end of another school year so that means that we are already thinking ahead for next year. Before we get too wrapped up in planning we do have to finish this year with SOL testing. 3rd – 5th graders will be taking the Standards of Learning tests beginning May 3rd and running until the end of May. Look for a specific schedule of testing dates and times to come home from your child's classroom teacher and it is also posted on our website.

While we have worked all year to prepare your children for these assessments our job is not over. Please make sure that you continue to have your children come to school on time and that they have had a good night sleep the night before and have had a well-balanced breakfast each morning. I know with our parents support and our teachers' hard work that our students are well prepared and ready to take these tests.

In last month's newsletter I invited parents to make appointments with me if you wanted to share information that you would like me to consider about your child's academic and social needs in regards to class placement for next year. Please remember that requests for specific teachers cannot be

honored and no staff member has the ability to honor requests that a parent might make specifically to them. If you have any questions regarding this process please do not hesitate to call me.

And finally congratulations to Mrs. Gabi Richardson, she had a beautiful baby boy. Potowmack Elementary School wishes her all the best in her next chapter in life. We are very happy to have Mrs. Karin Abt as the long-term substitute for the remainder of the school year.

Regards, *Jennifer Rule*

Pursuit of Excellence—

Known for their strength in flight, bald eagles soar above the rest as one of the most majestic creatures in the sky. With power and balance they fly miles above the earth, catching warm air currents to lift them thousands of feet into the air. Keen vision gives the eagles the ability to see far-off challenges, soaring through each pursuit with great success. With you we soar to new heights.

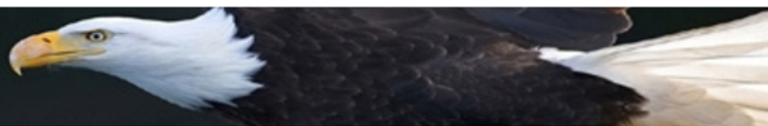

Library News - Dr. Copeland

Now that sunny spring weather is here, it is time for the children to find a shady spot outside to read a book! To inspire kids to read, the library is running an end of the year reading incentive. To begin the incentive, all students will be reading outside for a half hour on May 8th. Please be sure to send your child to school with something like a towel to sit on while they read outside.

Students have one month to complete the reading incentive. Students in kindergarten are challenged to read 150 minutes, while students in first grade are challenged to read for 225 minutes and students in upper grades are challenged to read for 300 minutes. Students can record their reading on a paper reading log, or students in upper grades can use their Biblionasium on-line accounts to record their minutes. Students completing their reading challenge by Friday June 5th will be invited to read outside with their friends for a half hour in June. Find a great book to read outside with your children today!

PE News: - We are so proud to announce that Potowmack Elementary has become a Fuel Up To Play 60 (FUTP60) Touchdown School. We achieved this by the PMK student's hard work and dedication. They created healthy eating posters that are currently displayed outside the cafeteria. They also had the opportunity to collaborate with fellow grade level members to create and implement a PE lesson incorporating the food groups as well as fitness. The teams met during flex time to work on their PE lesson. The peer teams taught the lesson to their peer classes explaining all the safety rules and procedures. After they taught the lesson, they wrote a reflective summary for their classroom teacher and me about their teaching experience. We were truly amazed at their creativity with their lessons and will use them in our PE curriculum

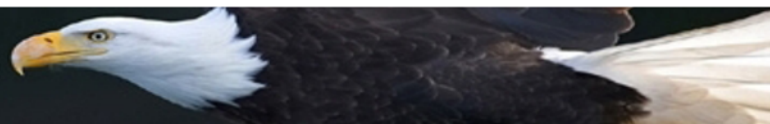

The students have been signing on to the NFL FUTP60 website and entering their points that they are awarded when they complete every activity. With all of PMK's points, I am extremely proud to say that PMK is now ranked 7th in the state. Way to go FUTP60 club!

ODYSSEY OF THE MIND

Maura Greenman

Odyssey of the Mind wrapped up the 2014-2015 season with a fine showing by our "Runaway Train" team of K-4th graders at the State tournament March 18th. The kids wowed the judges with their intricately engineered track and vehicle, outlandish and humorous performances, and wonderful teamwork. While a technical difficulty kept them from placing, they learned a lot and ready to try, try again next year!

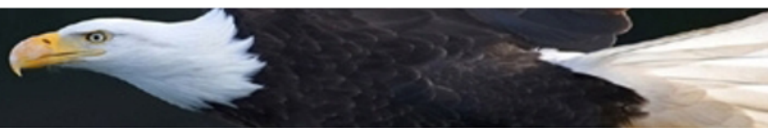

Huge shouts of gratitude to all the families who made OM possible this year. Whether you coached (thank you, Hemanth Setty, Rupesh Vadrev, Bette Jo Gonzales, Rachna Argarwal, Amanda Moore and Jimmy Lewandowski) , judged (Jeanne Peterson, Monika Lomba, Jace Greenman, Lorrie Greenman, Jennifer Connell), volunteered (Meredith Murray, Linda Gross) brought snacks, or simply enabled your child to experience this challenging, fun, and rewarding program, we couldn't have done it without you. Thank you!

OM at Potowmack will continue next year with the leadership of the Setty family. Dad, Hemanth, and Mom, Monika, embrace the true spirit of OM: seeking the extraordinary in the ordinary; and facilitating learning through guiding their dedication, patience, and encouragement.

POTOWMACK'S SUMMER S.T.E.M CAMP

Racing Robots, Daring Dragsters, Radical Rockets and More!

Science, Technology, Engineering and Math Camp

Mr. Charlish and the Potowmack P.T.A are again VERY excited to be able to offer Summer S.T.E.M Camp 2015 right here at Potowmack Elementary.

For rising 3rd—6th graders.

The camp will build on kids' natural curiosity through hands-on experiences to make science, math and engineering fun while reinforcing the VA S.O.L's.

During the camp we will be:

- ⇒ Designing and programming robots to go ten pin bowling and compete in a range of races!
- ⇒ Learning about aeronautics through designing rockets and air powered dragsters!
- ⇒ Investigating force and motion using ziplines across the classroom!
- ⇒ Launching huge air pressure rockets outside in the playground!

All of the rockets made will be theirs to keep so they can continue the fun and learning at home.

IT WILL BE AWESOME!

If you attended last year's camp we will be working on some new and even more exciting projects!

The camp will be held from 1:00 p.m.-4:00 p.m. for a week during June 22-26 OR July 6-10

That is a whole afternoon of awesome science and math fun!

Cost \$150 including all materials please make checks payable to Potowmack PTA

SIGN UP BY MAY 31st

Only 12-15 per camp!
Space is limited!
